2025
Power Label

As a business customer with a supply contract with an energy supplier, you are entitled to full transparency regarding the origin of the electricity you consume. This is demonstrated by a Certificate of Origin (CoO) or a Guarantee of Origin (GoO). We have set out the origin of the electricity supplied in an ‘electricity label’ overview.

Our mix

Natural Gas	40,20%
Nuclear	36,38%
Wind	21,04%
Hydro	2,10%
Solar	0,27%
Biomass	0,02%

Environmental impact

Radioactive waste (g/MWh)	1,09
CO2 (kg/MWh)	153
